

# Kia ora! Welcome

Whether you're fresh out of school, seeking a new direction, or just keen to get ahead in the workplace, choosing where to study is a big decision. You need to be sure that your choice suits your learning style and equips you with the skills you need to achieve your goals. You also want to be confident that you'll get the support you need throughout your study journey, and that you'll enjoy the experience of being a student.

At Ara, we're committed to ensuring that you have a positive learning experience and graduate work-ready with the skills, knowledge and experience you need to enjoy a successful career, anywhere. In short, your success and wellbeing is our priority.

With campuses across Canterbury, plus more than 150 full-time, part-time, online, blended and distance learning options, we provide as much flexibility as possible to help you fit study around work, family and other commitments.

When you study with us, you'll enjoy a strong sense of belonging within an inclusive, multicultural environment made up of around 14,000 domestic students and 1800 international students.

You'll never just be a number or a face in a crowd though. Your tutors and other Ara staff will get to know you, and because our class sizes are generally small, you'll get to know your classmates too. You'll collaborate with them on projects, and through a wide range of events and social activities on-campus plus many student clubs and groups you can join, you'll also meet students studying other subjects.

During your studies we'll equip you with the skills employers want and we'll give you work placement opportunities that prepare you for the realities of the job.

We'll also support you throughout your time at Ara - whether you have academic or personal challenges affecting your study, or you need assistance with accommodation, transport, childcare, healthcare, disability support or career guidance.

Ara qualifications are internationally-recognised and respected. Once you have yours, the world is your oyster. We know, because our graduates can be found working and making a difference across the globe, as well as throughout Aotearoa New Zealand.

Whatever path you wish to pursue, we'll pull out all the stops to help you achieve your goal. We look forward to welcoming you into our friendly and vibrant community soon.

#### Helpful Tip

Our website is where you'll find the most up-to-date and comprehensive information on all study options at Ara, including full details of each programme plus any new courses that have been added since this brochure was produced. If you can't find what you're looking for, call us - we'll be happy to help.

# Experience the Ara Advantage

Our goal is to advantage you with courses that matter, taught by inspirational mentors, in real-life learning environments so that by the time you graduate, you're confident, work-ready and equipped to succeed - wherever life may take you.

We call it the Ara Advantage.

#### Courses that matter

All our courses are designed in consultation with industry to ensure you learn exactly what you need to know and gain the skills employers want.

The course focuses on hands-on skills that are relevant to the industry.

Siyun, New Zealand Diploma in Quantity Surveying

## **Inspiring** mentors

Our tutors come from industry; they have years of real-world experience and contacts to share with you. They're committed to your success and will inspire you to achieve your study goals.

The tutors are amazing they really bring out the best in you.

Stevie, Diploma in Beauty Therapies & Epilation

### Real-life learning

Much of your time at Ara will be spent applying what you're learning to real tasks and projects in environments that mimic real workplaces, to give you valuable experience before you graduate.

It's been practical right from the get-go.

Keren, Bachelor of Musculoskeletal Health

### Work-ready when you graduate

All that you do and learn at Ara will ensure that your transition to the workplace is seamless and that you have the confidence and capability to contribute from day one.

The degree sets you up incredibly well for working in this industry."

Meg, Bachelor of Sustainability & Outdoor Education

## Plus...

- You'll be treated as an individual and never just be a face in a crowd
- You'll be supported all the way with an extensive array of student services and specialist support staff
- You'll enjoy a strong sense of belonging within an inclusive, multicultural environment

# Still at school or recently finished?

Experience Ara events

Career advice

Youth Guarantee courses vo

Fees-free study

Scholarships

Student exchanges

If you're in Year 11, 12 or 13 at school, our extensive range of **Experience Ara** events provides a great way to get a feel for tertiary study. With Experience Ara you can explore subjects you're interested in with fun, hands-on activities; gain credits towards NCEA with a STAR course; tour our campuses; attend an open day or learn how to submit an application for your study option of choice.

**Dual Enrolment** courses are another way to experience tertiary study while you're still at school. You spend a day or two a week at Ara, and the rest of the week at school. It's a great opportunity to earn NCEA credits and get a head start in a subject you want to study when you leave school.

Contemplating full-time study at Ara? Our Careers & **Employment** team can help you explore your study and career options and give you career planning advice, all at no cost.

If you're 16 - 19 years old and not at school or working, a free Youth Guarantee course is the smart way to get ahead. You'll gain foundation skills for employment or further study and you'll be able to make confident decisions about your future. You'll also receive extra pastoral care, transport support and guidance as you transition into work or further tertiary study. Even better, in most cases Youth Guarantee courses don't affect your eligibility for fees-free study at a higher level later on.

The government's **fees-free study** initiative means that your first year of study is free, so long as you meet the eligibility criteria. If you're not eligible for fees-free study, or if you're studying for longer than a year, be sure to check out our wide range of Ara scholarships - you could save thousands of dollars in fees.

Got itchy feet? How about combining study and travel with an Ara **student exchange**. We have partnerships with educational institutes around the world, potentially allowing you to complete some of your study while experiencing life in another country.

You definitely feel ready to go out and get a job when you finish.

Rosalie, Fashion Technology and Design

# Seeking a fresh start or a new direction?

He Toki courses III

Pacific Trades Training courses 🖪

Fees-free study

Scholarships

Ready to re-enter the workforce after raising the kids? Out of work and needing skills for a new career? Just not sure what you want to do next? At Ara we can help you find that fresh start or new direction, and support you to achieve your goals.

If you're contemplating studying with us, our **Careers & Employment** team can help you explore your study and career options and give you career planning advice, for free.

For women, our **Next Step Centre for Women** offers a range of confidence-boosting courses on topics like self-esteem, assertive communication and self-development. In our friendly, supportive environment you can enhance you sense of self-worth, develop your potential and expand your possibilities.

We've also got **Foundation Studies** courses designed as stepping stones to further study or a new career. They're ideal if you don't meet the entry criteria for a particular course, if you've not been in formal education for a while, or if you're looking for a new direction.

If you're Māori or Pacific, you can take advantage of free trades courses offered at Ara through **He Toki** and **Pacific Trades Training**. As well as gaining sought after trades skills that can earn you good money, you'll also explore your cultural identity and be supported to join the next generation of Māori and Pacific trades leaders.

So long as you meet the government's eligibility criteria, you can study **fees-free** at Ara for up to a year. If you're studying for longer than a year, or if you don't qualify for fees-free study, be sure to check out our wide range of **Ara scholarships** – getting one could save you thousands of dollars in fees.

My decision to study opened up so many pathways that I could explore.

Olivia, Administration and Technology

# Time to sharpen your tools?

Professional development courses Credit recognition Adult literacy and numeracy courses Ara Connect Short courses Te Ōhaka

If you're slogging it out in a job you don't really like, being overlooked for promotion, or feeling like you've been left behind by technology, now's the time to gain new skills that can open the door to exciting new opportunities.

As well as the more than 150 qualifications listed in this study guide, we also offer an extensive range of **professional development courses** that you can study while you work. If you're working, your employer might support you to do one of these courses, and may even pay your fees. Our professional development courses range from cookery, conflict management, customer service and beginner Te Reo, through to health and safety and effective communication.

We've also got lots of part-time, **short courses** that are great if you want to improve your work skills, pursue a passion or discover a new interest. You can learn about food safety or how to make your own furniture, get an introduction to welding, become an expert barista and lots more.

Are you one of the legions of hard workers out there with extensive workplace experience but no qualification to show for it? At Ara's Centre for Assessment of Prior Learning, you can get **credit recognition** for your experience which you can then put towards a formal qualification like a certificate, diploma or degree. This confidence-boosting process can improve both your career opportunities and your earning potential.

If it's the basics that are holding you back, we have free **adult literacy and numeracy courses** to improve your reading, writing and maths for work and everyday life. We can also help you become confident in the digital world with free courses in common computer courses like Word, Excel, Powerpoint, email and the internet. These courses are available through our **Ara Connect** network of community hubs (there are five in Christchurch and one each in Timaru and Oamaru) and you can study at your own pace.

Got a great idea for a new business or product, but not sure how to get it off the ground? **Te Ōhaka** is a partnership between Ara and the Ministry of Awesome. Established to foster growth and innovation, Te Ohaka can provide you with free entrepreneurial support, mentorship and resources to help give your idea the best chance of success.

My internship opened the right doors for me.

Megan, Ara graduate

Megan graduated with a Bachelor of Broadcasting Communications (Radio) from the New Zealand Broadcasting School at Ara. She's enjoyed considerable success in commercial radio and currently co-hosts The Edge's breakfast show.

### Engineering

Engineering involves solving problems and challenges through the application of scientific knowledge. It's a hugely diverse and dynamic area with exciting opportunities to invent, collaborate and make a difference - potentially on a global scale.

At Ara we focus on practical, applied engineering with the aim of preparing you for a diverse spectrum of employment opportunities, both in New Zealand and overseas. An Ara engineering qualification gives employers a clear signal that you have the skills, knowledge and practical experience needed to be effective in the workplace from day one.

**Potential careers:** Engineering manager, electrical technician, engineering technologist, mechanical engineering technician, mechanical engineering technologist, structural design technician, transportation infrastructure design technician, water and wastewater systems technician, software engineer, software tester, CAD manager or designer.

# The small class sizes suited me.

99

Richard, *Ara graduate* 

Richard studied mechanical engineering at Ara, combining part-time study with part-time work at Skope. His qualification has enabled him to fulfil his dream of becoming a mechanical design engineer for Skope, where he's worked for over a decade.

### **Business**

Studying business at Ara can provide you with the tools to manage your career in a world of constant change. Our small and interactive classes allow us to treat you as an individual and will help you to develop both the technical and soft skills for success. We offer study pathways that develop generalist business knowledge and allow for specialisation within a business discipline. Our focus on work-integrated learning provides opportunities for you to develop your business skills in real-world contexts.

Potential careers: Accountant, business owner, entrepreneur, event manager, executive assistant, financial advisor, hotel manager, HR manager, marketing executive, office administrator, operations manager, project coordinator/manager, restaurant manager, sales representative.

The quality of the tutors was amazing.

"

Anita, Ara graduate

Anita came to New Zealand with a law degree from a university in Italy. She wanted to broaden her career opportunities so she studied the Graduate Diploma in Human Resource Management at Ara. This helped her land a job as an HR consultant at EQ Consultants in Christchurch.

### Health Sector

When you choose to study a health-related subject at Ara, you'll learn in a supportive environment and be among the most sought-after health graduates in the country. During your course you'll form strong relationships with your tutors, who are each registered and currently in practice. Hands-on learning is our focus and this is supported by excellent facilities (such as clinical practice units, scrub bays, laboratories, SIM pads, mock home environments and programmable mannequins) and extensive work placement opportunities.

**Potential careers:** Enrolled nurse, registered nurse, midwife, radiographer, pregnancy and childbirth educator, osteopath.

### How to apply

#### **Applying online**

If you know which course you want to study, go to that course's page on our website and look for the 'Apply Now' button. This will open a form specifically for that course. You can save as you go and return to it later. When you finish, simply click 'Submit' and we'll start processing your application.

#### Applying using a hard copy application form

Printed application forms are available at all Ara campuses. Alternatively, you can download a PDF to print at ara.ac.nz/study-options/how-to-apply. Once you've completed your application form, drop it in to your nearest Ara campus, or mail it to:

Ara Enrolment Centre PO Box 540 Christchurch Mail Centre Christchurch 8140 New Zealand

If you have any questions about the application process, call us on **0800 24 24 76** 

### Open days

To explore study options, meet tutors and check out our campus facilities, come along to one of our open days, held in January and July each year. See the website for dates, times and locations.

### Campus tours

A guided campus tour is a great way to see Ara in action and get a feel for what it's like to study with us. To request a tour, go to ara.ac.nz/book-a-tour.

I got straight into workplace training.

Marysha, Ara *graduate* 

Marysha is a graduate of the New Zealand Diploma in Veterinary Nursing at Ara. She now works as a registered vet nurse at Our Vets in Christchurch.
